Plumbing - Heating - Cooling Contractors Association of Ohio
20040 Carolyn Avenue, Rocky River, Ohio 44116
800-686-7422 rocco@phccohio.org

The Plumbing - Heating - Cooling Contractors Association of Ohio (PHCC) is facing competition from Ohio gas companies as a result of a 2008 decision made by the Public Utilities Commission of Ohio (PUCO). The decision gives gas companies responsibility of consumer gas service lines typically maintained and repaired by plumbing and heating contractors. The PHCC is attempting to communicate the problems associated with this decision to elected offficials. We are asking contractors to share their stories or encounters with the utlity companies or out-of-state contractors, so we can communicate the implications to our elected officials. Please print and mail your response to the PHCC of Ohio at 20040 Carolyn Avenue, Rocky River, Ohio 44116.
